DETAILED ACTION

Claims 15-31 should be canceled accordance with the Selection filed on 9/29/06.

Correction is required.

Abstract

The Abstract is objected to because it does not include a single paragraph being contained within a separate sheet as required. Correction is required.

Specification

The specification has been checked to the extent necessary to determine the presence of all possible minor errors. However, the applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Claim Rejections

Claim Rejections - 35 USC § 112

Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Correction or clarification is required.

In claim 1, it is not understood how the triggering circuit can be “adapted” to condition on line 5. The same is true for claim 8.

Art Unit: 2816

In claim 2, it is not understood how the conditioning circuit can be “adapted” to prepare. The same is true for claim 9.

The remaining claims are dependent from the above rejected claims and therefore also considered indefinite.

Allowable Subject Matter

Claims 1-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
